Ordeal With It

On the weekend of May 19-21, 2017 we had our first Ordeal weekend at Lost Valley. We all had a nice weekend as we welcomed our newest Order of the Arrow members to MODOC Chapter and had others seal their membership by completing their Brotherhood. The weather at Lost Valley was chilly at night and very warm during the day. The lake was full and sparkling in the sun which was a beautiful sight after being empty for so many years. As usual the ride in and out was a bumpy ride but the journey was fun with my fellow arrowmen and Moduck. Thank you to all the Chapters who helped make this Ordeal great!

An End to the First Half

Dear Wiatava,

Well… It’s that time of year again and we are out of school, and some off us out of work. While the pressure of school and life may be letting loose, I encourage you to pick up the mighty pen and write about your summer! Everybody is going to do something interesting this summer, so why not share it. Most of us have social media, so next time you post something about your Catalina Hike or Grand Canyon adventure, keep me in your mind (or at least the lodge) and send me an article. I wish everyone a great summer and safe travels to whatever destination you’ll be traveling.

Yours in brotherhood,
Collin Freeman
Wiatava Secretary

Maga chapter inducted 6 ordeal members and 3 brotherhood members at our ordeal at LVSR on June 10th. One new member was inducted at woja's ordeal on june 3rd. We had an ice cream social at our June meeting, and played ultimate frisbee. For our next meeting we will be going bowling at linbrook bowl in Anaheim.
